Timber Products Inspection has a process for collecting damaged, worn out, or unused IPPC, Dunnage, and HT lumber marks (stamps, stencils, brands, etc.). Rather than discarding or destroying these marks, please hand them over to your inspector upon his/her next visit. The inspector will fill out a Stamp Retrieval Form to document the exchange.

TP takes great care in protecting the IPPC marks. Please make sure all marks are accounted for at all times and that they remain in a secure setting when not in use.

Remember, marks must remain on-site at all times.
