

WHEN THE INTERNATIONAL PLANT PROTECTION CONVENTION (IPPC) ISSUED THEIR GUIDELINES FOR REGULATING WOOD PACKAGING MATERIAL IN INTERNATIONAL TRADE, TIMBER PRODUCTS SERVICES, INC (TPS) RESPONDED. Our Methyl Bromide (MB) fumigation certification program – often utilized for unexpected and/or infrequent exports – is a strong option to the practice of heat-treating wood packaging materials. Methyl bromide fumigation typically occurs at the shipment site in a controlled setting monitored by trained professionals. As part of your fumigation team, TPS is there with you, monitoring the process to ensure proper dosages are given and time requirements are met.

WHAT MAKES TPS DIFFERENT?

Timber Products Services offers the largest network of fumigators approved to fumigate and certify wood packaging material.

TIMBER PRODUCTS INSPECTION, A SISTER COMPANY OF TIMBER PRODUCTS SERVICES, OFFERS THE FOLLOWING:
