

WE HAVE A HISTORY WITH HT. When the European Union emergency measures for heat treatment processing of wood packaging material (WPM) were implemented in 2001, TP was on board immediately certifying wood. Ours was one of the first programs to meet pest eradication requirements through heat or fumigation and official monitoring of WPM. WE KNOW THE LUMBER AND PALLET INDUSTRIES, AND WE NEVER STOP WORKING TO MEET THE NEEDS OF OUR CUSTOMERS.

### WHY TP?

- TP is the largest provider of heat treatment certification service
- Our heating/drying systems technical expertise is unmatched
- We offer 60 full-time field inspectors nationwide and in Hawaii and Puerto Rico
- Our East and West Coast offices offer knowledgeable staff always ready to answer your questions
- We're here to help: bundle your HT services with wood contaminant testing, fumigation certification, pallet quality assessment, pressure treating or lumber grade stamping
