

TIMBER PRODUCTS INSPECTION HAS BEEN IN THE PALLET INSPECTION BUSINESS SINCE 1990. We offer a thorough, comprehensive, customer-specific auditing program designed to evaluate and implement quality control assessments on our customers' lumber, pallets and processes. Each customized program may include elements such as pallet recycling and repair assessment, new pallet quality and bark exclusion and much more. Let our expertise go to work for you; give us a call and we'll create a program DESIGNED SPECIFICALLY FOR YOUR NEEDS, AND YOURS ALONE.

So what do you get? Following each TP inspection, you'll receive a complete report from our inspector to include defects found, specification assessments and process auditing suggestions. Call on TP for a variety of related additional services, including:

- Fastener testing
- Chemical contamination testing
- Export consultation
