

AT TIMBER PRODUCTS INSPECTION, WE KNOW THE TREATING INDUSTRY. As the largest independent agency for treated material in the industry, more than 90 percent of all treated facilities nationwide turn to us for our expertise. Our clients hail from all 50 states, Puerto Rico and Canada. We inspect more than a billion board feet a year, and are accredited by IAS and American Lumber Standards Committee. But what makes us truly stand apart: Our focus, commitment and service. We want our customers to do it right the first time, and we work every day to help each customer maintain this high standard. From beginning to end, our goal is to work with customers to meet budgets and avoid costly re-treats or discards. OUR NUMBER ONE GOAL IS YOUR SUCCESS.

How can we help you?
TP provides the following value-added services to our treating customers:

- Assist with calibration of quality control in instrumentation
- Work with each customer to maximize cost efficiency in each facility
- Inspection of fire retardant lumber
- Individual plant audits

- LUMBER SERVICES
- LOG HOME SERVICES
- TREATING SERVICES**
- TRUSS SERVICES
- UTILITY PRODUCT SERVICES
- IPPC/EXPORT SERVICES
- PALLET SERVICES
- GLULAM/FINGER-JOINTED SERVICES
- FUMIGATION SERVICES

AHEAD OF THE CURVE. Our in-house chemical lab is first on the scene running up-and-coming preservatives through a battery of tests before they ever reach the market. By the time our customers purchase the new preservatives, we already know the material inside and out. We know the treating market like no other company.

THE TP DIFFERENCE. Our focus is customer service. Personal visits to our treating customers are standard: just a little extra on our end to help each one stay in compliance means business growth on the customer's end. We ensure that all of our treated facilities comply with industry standards, equaling properly treated wood designed to last upwards of 50 years.

TIMBER PRODUCTS INSPECTION IS: the largest wood inspection agency in the nation; one of the largest agencies in the American Lumber Standard Committee (ALSC) Untreated Program; the largest agency in the ALSC Treated Program; the largest agency in the ALSC Wood Packing Material (WPM) Program; and the only ALSC-approved grading agency that has representation in all regions of the United States. OUR EMPLOYEES STAND READY TO SERVE YOU.
