

AS BUILDING CODES EVOLVE, THE IMPORTANCE OF QUALITY MONITORING SYSTEMS GROWS. Component manufacturers are continuously facing new regulations from design professionals, government officials and others. But Timber Products is on the ball: our truss program staff works every day to develop recommendations for optimal performance. ACCREDITED BY THE INTERNATIONAL ACCREDITATION SERVICE, INC., A SUBSIDIARY OF THE INTERNATIONAL CODE COUNCIL, OUR PROGRAM IS RECOGNIZED BY CODE OFFICIALS IN THE U.S. AS WELL AS MULTIPLE OTHER COUNTRIES.

GAIN INCREASED EFFICIENCY, EVEN AS BUILDING CODES CHANGE.

Plants participating in our program have experienced increased efficiency in production as well as fewer problems at the site. In addition to our quality control assurance knowledge, members of our program have access to TP's considerable expertise, education and experience in the design, construction and forest products industries.

Due to changes in building codes, our truss program has grown by leaps and bounds: we now service all areas of the country and are partnered with more than 300 truss plants. This number continues to grow as the need for our top-quality services increases.

THE DIFFERENCE IS OUR SERVICE.

TP focuses on in-plant quality and process controls to ensure that finished products meet industry recognized standards. Unannounced regular inspections by TP personnel serve to assure us, and you, that the best quality product comes to market. Think of us as your partner in success.

DO YOU NEED TIMBER PRODUCTS INSPECTION? In addition to our wood industry services, we offer skilled expertise to architects, engineers, building code officials, contractors, individuals, lawyers, exporters, public/private utilities and government entities. Experience the Timber Products difference for yourself. GIVE US A CALL.

TIMBER PRODUCTS INSPECTION IS: the largest wood inspection agency in the nation; the third largest agency in the American Lumber Standard Committee (ALSC) Untreated Program; the largest agency in the ALSC Treated Program; the largest agency in the ALSC Wood Packing Material (WPM) Program; and the only ALSC approved grading agency that has representation in all regions of the United States. OUR EMPLOYEES STAND READY TO SERVE YOU.
